ABOUT ME

I am front-end developer, based in Santiago, Chile. My apps are developed in Javascript, React, HTML5, CSS3 and Node JS, using Agile Methodology. My objective is help businesses achieve high-quality web applications.

In my work experience, I obtained an eye for detail and appreciation for design, as well as working with clients and colleagues successfully.

EXPERIENCE

> FREELANCE WEB DEVELOPER

FEB 2018 - PRESENT

As freelance web developer, I create responsive websites using WordPress, Avada Theme and plugins. I am able to offer a complete product that includes a clean design, development and digital marketing as required (SEO, Google Ads, social media).

> DESARROLLADOR WEB

JUNE 2016 - FEB 2018

At Visual Edge digital agency from Romania. I created WordPress websites by layout design previously created in Photoshop. Also, I implemented Search Engine Optimization and maintenance.

PROJECTS

> MOOV - web app dedicated to people with reduced mobility

React | Here Technologies APIs | Single Page App | Mobile first

> BURGER QUEEN - restaurant order management web app

React | Single Page Application | Tablet first

> FINGER FOOD - social network to find gourmet food

Vanilla Javascript | Single Page Application | Firebase | Mobile first

EDUCATION

> LABORATORIA CHILE

OCT 2019 - MAY 2020

Laboratoria Bootcamp: projects developed using agile methodology, Javascript, React, collaborative Git, testing, Firebase, Figma.

> VASILE GOLDIS WESTERN UNIVERSITY OF ARAD

2009 - 2013

Romania; Specialization: Law; Duration: 4 years; Bachelor thesis in Political Sciences: "The rule of law and democracy"
